

## My 2021 Business Prayer

“Lord God, I thank you today there is **no promise** you will not keep, **no prayer** you cannot answer, and **no problem** too big for you to solve. That’s true in my life and that’s also true for my business. May your Holy Spirit remind me of those words regularly.

“I praise you that I can take pride in my work. I rejoice I’m made in the image of God, that **I can make a difference**, and what I do through my job will benefit others.

“O Lord, increase my skills, sharpen my insights, and enable me to stay on the cutting-edge of my vocation. Thank you that you will **cause my abilities to grow this year**.

“God, order my day today. I know miracles can occur in 15 minutes of time. Please give me Golden Connections with people of influence. Protect me from people who would hinder me or harm me. Enable me to find joy in my work. And empower me so I can live with an **enthusiastic, expectant attitude**.

“Please, O Lord, keep my cash flow strong. Let new orders and customers come to me daily. Help me to be wise with money so I can pay all my obligations promptly. And prosper the people with whom I do business so they can pay me on time.

“I ask for your Uncommon Favor to surround my family and my home, for what will I gain if I climb to the top of the ladder, pull down a gigantic income, and win many awards only to find my family in shambles? **Prompt me by your Spirit** so I keep my priorities straight.

“Lord, I believe tithing is one of the Golden Doors to financial success and satisfaction. Each week remind me that **if I take care of your business, you’ll take care of my business**.

“Help me not to panic when problems arise. In addition to telling you how big my problems are, train me so I also **tell my problems how big my God is!**

“So Father, during 2021 I ask you to keep...

- My mind pure,
- My words honest,
  - My heart focused,
  - My health strong,
  - And my hands **full of business opportunities**.

I thank you for hearing this prayer, and I pray it in Jesus’ Strong Name, amen.”
